A word from Outfront Cattle Service

Welcome to the 6th Annual OK Charolais Bull Sale. We have a stout set of 74 Charolais bulls from some of the leading Charolais breeders in the United States. Several breeders have consigned all 6 years or more. (Some previous sales were held at the former Parks Charolais Ranch east of Checotah). The bulls are the results of selecting some of the most proven genetics in the Charolais breed. Several are the results of embryo transplant programs that feature the very best of those breeder's programs. Many are the results of strong Artificial Insemination genetics that are backed up by many years of proven selections for practical, efficient production, easy-calving, and top performance.

Recently a Charolais breeder told me about one of his commercial bull buyers. The bull buyer purchased four Charolais bulls in 2015 to go with his eight Angus bulls. He only purchased high-end Angus bulls so he wanted the best in his Charolais bulls as well! He called the Charolais breeder last week to let him know how his calves had weighed out of the Charolais bulls. His Charolais-cross calves had weaned at 700 lbs and his straight Angus calves, the same age, had weighed 550 lbs. He also stated he wanted 8 more Charolais bulls to replace his Angus bulls. You may not get that much difference using Charolais bulls, but in these tougher times, doesn't it make sense to use bulls that will add more weight without having to pay as much for your bulls? If your selling more pounds, you get more dollars, so take advantage of "hybrid vigor" (heterosis), and put more \$\$ in your pocket. We are breeding the best Charolais bulls now in the history of the breed!

Both Purebred cattle and Commercial cattle respond to Quality! The cattleman with the most quality calves usually survive much better and take less "hits" than "sorry-cattle". It's still the right time to invest in Quality Bulls and the bulls selling here offer more performance and profit!

If I can be of assistance, please give me a call.

Sincerely,
Dennis Adams

OK CHAROLAIS BULL SALE

Guarantee

All bulls have been fertility tested within thirty, (30), days of the sale and are guaranteed breeders by the sellers. Sellers do not guarantee the ability of the semen to freeze.

In the event an animal is claimed to be a non-breeder, the bull may be returned to the seller at the buyer's expense under the following conditions:

- A) The bull must be in good physical condition with a Vet Health Certificate stating condition and problem with the bull. The bull must be tested for Brucellosis and Trich prior to returning. This is at the buyer's expenses.
- B) Seller may replace the bull with a bull of equal or more value and is limited only to the extent of the purchase price in any settlement or adjustment made.
- C) Seller has the right to retest the bull within 30 days after the bull is returned.
- D) The adjustments do not preclude the right of the buyer and seller to mutually agree upon other terms and conditions.

All guarantees and claims are made by the sellers and buyers should look to the individual seller for fulfillment of these guarantees and claims. The **OK Charolais Bull Sale, Outfront Cattle Service, and Cross Livestock Auction.**, are not responsible for any guarantees or claims. However, buyer/s should contact Outfront Cattle Service to inform us of the problem as soon as a problem is observed.

The Registration papers on all bulls will be transferred to buyers upon checks clearing the banks. All information on the bulls and registration papers have been furnished to Outfront Cattle Service by the sellers and this information is believed to be correct, but is not guaranteed.

All persons attend this sale at their own risk and **OK Charolais Bull Sale, Outfront Cattle Service, Oklahoma Charolais Association, and Cross Livestock Auction.**, are not responsible for accidents or injuries.
